Peter R. Finn, Superintendent

Superintendent

MEMBERS OF THE CLASS OF 1984:

Please accept my congratulations on the occasion of your graduation from Winthrop High School. For many of you this marks the culmination of twelve years in the public schools of our community. We have been proud to serve you as students and are confident that this pride will grow as we note your future accomplishments.

We thank you for what you have contributed to our school system and we urge you to continue to be involved and productive members of our society. As you embark on a new phase of your lives, please be assured that you carry with you our fondest wishes for success.

Sincerely,

PETER R. FINN
Superintendent of Schools

School Committee

Standing from left to right: Roland Fluet, Richard Gill, Peter Burke, Dr. Donald Clayman. Missing from photo is William Miner

John Domenico, Principal

Principal's Message

TO the Class of 1984:

Perhaps one of the most valuable results of a high school education - and probably all of education - is acquiring the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not. Certainly all of you in the graduating class have learned this "lesson" to some extent by meeting your graduation requirements. The degree of success which you have achieved to this point has doubtlessly been influenced by how well you have mastered this ability.

As you leave Winthrop High School to embark on the next phase of your academic or vocational career, you should seriously consider this lesson. Learning it well cannot help but yield positive dividends.

Best wishes to each of you for success, health and happiness.

Sincerely,

A handwritten signature in cursive script that reads "John J. Domenico".

John J. Domenico
Principal

Assistant Principal's Message

To the Class of 1984

I would like to congratulate this fine class for continuing those examples of excellence set forth by previous classes. It is a delight to see such spirit and enthusiasm. Indeed it is a credit to parents, church, school and community who have cooperated so well in guiding your development.

I wish you the very best in all your future endeavors.

A handwritten signature in cursive script that reads "Matthew I. Boyle".

Matthew I. Boyle

Fern Hill

Now as I was young and easy under the apple boughs
About the lilting house and happy as the grass was green,
The night above the dingle starry,
Time let me hail and climb
Golden in the heydays of his eyes,
And honored among wagons I was prince of the apple towns
And once below a time I lordly had the trees and leaves
Trail with daisies and barley
Down the rivers of the windfall light.

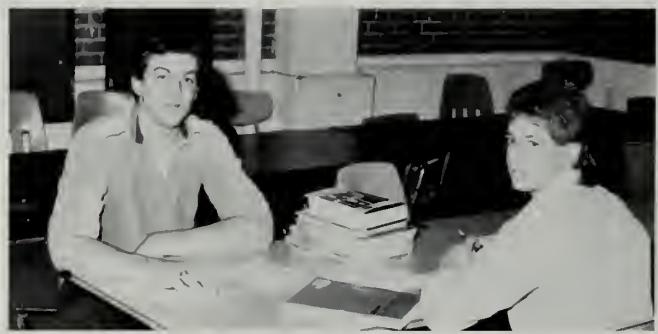

And I was green and carefree, famous among the barns
About the happy yard and singing as the farm was home,
In the sun that is young once only,
Time let me play and be
Golden in the mercy of his means,
And green and golden I was huntsman and hersman, the calves
Sang to my horn, the foxes on the hills barked clear and cold,
And the sabbath rang slowly
In the pebbles of the holy streams.

All the sun long it was running, it was lovely, the hay
Fields high as the house, the tunes from the chimneys, it was air
And playing, lovely and watery
And fire green as grass.
And nightly under the simple stars
As I rode to sleep the owls were bearing the farm away,
All the moon long I heard, blessed among stables, the nightjars
Flying with the ricks, and the horses
Flashing into the dark.

Jay Guthro

I would like to congratulate the senior class for three years of diligent, dedicated hard work. As the advisor, I have seen fourteen and fifteen year old children mature to seventeen and eighteen year old young adults. Being a part of this development has been extremely rewarding. I am sure that the accomplishments and success that the class of '84 has achieved during their high school careers will be carried on during their college or professional lives. They have proven that hard work in the classroom, on the field and in their extra-curricular activities is the key to success. They have also proven to me that despite the aura of the tremendous accomplishments of the previous senior classes, this class has been spurred on towards greater deeds. I thank you class of 1984 and wish you nothing but the best.

J. Guthro
